RUSS POLICY OF
U. S. UNCHANGED

Washington Is Not Disposed to
Attempt Any Armed Inter-
vention There.

EVENTS CLOSELY FOLLOWED

Appeal for Help Comes From Political Party Overthrown by the Bolsheviks — Former Empress Scorns German General.

Washington, June 13.—An unofficial but authoritative statement on the question as to the possibility of sending American troops to Russia was that the attitude toward intervention in Russia had not been changed and that some development of importance would be required to cause the government to depart from its present policy.

The Russian appeal is known to have been given consideration by the state department, coming as it did from the cadet party, which is composed largely of officials and adherents of the government which came into power following the overthrow of the czar, and which in turn was driven from office by the bolsheviks.

Watching Events in Russia. Officials here are following closely events in Russia. It was said unofficially that growing dissatisfaction with the bolsheviks and the German-imposed Brest-Litovsk treaty coupled with the apparently increasing strength of the Cossack leaders, were hopeful signs.

These factors, with the almost utter impossibility of transporting a force to Siberia, and the fact that General Poch has the authority to put a large force in the only other available operating region, that on the Arctic ocean, have caused officials here to believe that the time is not ripe for action in a military way by the United States.

Continued disturbances in Moscow with fighting in the streets was reported to the state department today from Swedish sources. The dispatches also told of renewed uprisings by the Ukrainians against the pro-German Hetman.

Dowager Empress Scorns Huns. Amsterdam, June 13.—The dowager empress of Russia and other members of the former imperial family in the Ukraine refused to receive a German general who was sent to inquire as to their wishes, according to the Rheinisch Westfaelische Zeitung of Essen and the Berlin Lokal Anzeiger, copies of which have been received here.

Some of the younger grand dukes, however, received the general and expressed the wish to be permitted to leave as soon as possible for a neutral country.

The newspapers describe the attitude of the dowager empress and the older members of the family as being "as anti-German as ever."

FOR DRY NEVADA IN 1920

Wet and Prohibition Forces Plan Bond Issue to Compensate Liquor Men.

Reno, Nev., June 13.—At a conference of "wet" and "dry" forces held here, an agreement was reached under the terms of which Nevada will go dry in 1920. At a special session of the legislature to be called shortly a new law will be passed which will prohibit traffic in liquors in 1920, the national prohibitory amendment will be ratified and a special bond issue authorized to compensate the liquor men for their losses on a basis of 75 per cent for their stocks and 40 per cent for their fixtures.

U. S. SHIP OUTPUT ENORMOUS

American Shipyards Outstrip German Submarines Operating on This Side of Atlantic.

Washington, June 13.—America's shipyards have outstripped German submarines operating on this side of the Atlantic by more than 100,000 deadweight tons, the shipping board announced. Since the submarines started their raids on May 21, the yards have produced 21 vessels totaling 130,642 tons. During the same period the U-boats, excluding one vessel salvaged, sank ten with an aggregate tonnage of 23,000.

BORAH AMENDMENT REJECTED

Senate Goes on Record 50 to 25 Against open Diplomacy—President Opposed Measure.

Washington, June 13.—The senate went on record against open diplomacy as proposed in the Borah amendment. It rejected the amendment by a vote of 50 to 25, following receipt of a letter showing President Wilson flatly opposed to the measure.

Events That Are
Transpiring Over
the State

Nashville.—Among the men called here for military service is Jack Nye, managing editor of the Nashville Tennessean and American.

Interesting and patriotic exercises marked the close of the year at St. Joseph's school. The auditorium of the building was filled to overflowing with the parents and friends of the students and of the school, which is now one of the landmarks among the educational institutions of Nashville.

Clay county made its report on the number registered June 5. White, 13,622; colored, 3,408; alien, 46; total 17,076.

Homer Wilson, one of Nashville's most widely known citizens, died as a result of an attack of heart failure. He had been manager of the Hermitage Hotel for five years.

Memphis.—Preparations are under way for the big drive to secure \$2,000,000,000 by July 4 through the purchase of war savings stamps. This amount is to be subscribed by this date, and the stamps bought any time during the year. The United States government wants to have this money promised in advance, so instead of waiting until the year is up we are asked to subscribe the money between now and Independence Day. This campaign is to be begun on June 28.

Conditions in Tennessee for the growth of cotton are described as equal to the best that have prevailed in many years. Heavy rains last week probably did more harm than good. Fields, however, were in a fine state of cultivation, clean and free from insect enemies. Labor shortage has not been felt to any great extent.

Jackson.—The Madison county equalization board is holding its annual session. The biennial assessment of property is to be made at this time.

The brick building occupied by a bottling works burned, together with the contents, which were fixtures and machinery of the company. It is not known how the fire originated.

Mayor Lawrence Taylor has ordered the muzzling of all dogs running at large. Those not muzzled will be shot by the officers.

Ernest Wilson, convicted of murder in the second degree, for the killing of Burney Dickinson, was sentenced by Judge Barham to serve from 10 to 20 years in the penitentiary.

Capt. R. S. Rochelle of the machine gun company of Jackson, who has been recruiting for several weeks, has been very successful. He hopes to bring his company up to full war strength in a short time.

Chattanooga.—Plans of Y. M. C. A. physical directors to promote a Fourth of July track meet at all army cantonments in the southeast had received the sanction of Col. Thomas Ridgeway, C. A. C., acting commandant southeastern department, and Admiral F. E. Beattie, U. S. N. From 10,000 to 12,000 soldiers will compete at the respective camps.

Arthur Hueller, an interned German prisoner, was shot and perhaps fatally injured by a guard while attempting to escape from the prison barracks at Fort Oglethorpe and is now at the base hospital. He was shot twice, one bullet entering at his side, penetrating the abdomen, and the other entering one of his legs.

Selmer.—Corporal Cordy H. Weeks, of Selmer, a machine gunner with the field artillery, was severely wounded somewhere in France, according to telegraphic report received here. He has been a member of the regular army several years and had been in France since Aug. 18, 1917. He went to Mexico with Gen. Pershing during the disturbance on the border.

Newbern.—A special meeting was held here at the Newbern opera house for the purpose of organizing a committee to take up the labor problem in Newbern and see that every able-bodied citizen of the town is put to work.

Washington.—Robert A. Wells of Jackson, Tenn., formerly with the 115th Field artillery, national guard, has been appointed first lieutenant in the national army and assigned to the eastern department.

Trezevant.—The finished product of the recent Red Cross drive in this county shows Carroll county going over the top, as she has more than met the appropriation. The county was asked to raise \$12,000; subscriptions amounted to \$16,000.

Knoxville.—Gen. Charles T. Cates, Jr., announced his withdrawal from the race for the democratic nomination for the United States senate.

Knoxville.—News was received from the war department that Capt. Thomas Warner Goddard, aged 24, was killed in action in France. He was the son of James A. Goddard of Maryville, Tenn. He volunteered in 1917 and went to Camp Sevier, S. C., thence he was sent to a training camp, commissioned a lieutenant, and was one of five officers selected at Camp Green for service in France.

Several Lives Lost By Explosions.
London.—Several persons were killed by explosions or drowned in the capsizing of a lifeboat from the steamer Kenilworth Castle, which reached a British port in a crippled condition as a result of a collision. A number of persons also are reported to be missing. The steamer had on board about 300 passengers and mail from South Africa. The explosions followed the collision. The Kenilworth Castle is a steamer of 12,975 tons. She was built in Belfast in 1904 and is owned by the Union Castle Mail Steamship Company.

May Reduce War Rate.
Washington.—Danger from submarines has decreased to such an extent that the Bureau of War Risk Insurance has recommended a reduction from \$2.50 to \$1.50 per \$1,000, the insurance rate on lives of officers and crews of merchant vessels passing through the war zone. This is in line with the recent lowering of marine insurance rates on vessels and cargoes from 3 to 1 per cent.
